EXHIBIT G

TERM PROMISSORY NOTE

\$285,500.00

May 25, 1994

1. Payment Schedule and Maturity Date. FOR VALUE RECEIVED, the undersigned (herein called "Maker," whether one or more) hereby promises to pay to the order of NationsBank of Texas, N.A., a national banking association ("Lender"), in immediately available funds in lawful money of the United States of America, at 300 Convent in the City of San Antonio, Bexar County, Texas, the principal sum of TWO HUNDRED EIGHTY-FIVE THOUSAND FIVE HUNDRED AND NO/100 DOLLARS (\$285,500.00) (or the unpaid balance of all principal advanced against this Term Promissory Note (this "Note"), if that amount is less) together with interest on the unpaid principal balance of this Note from day to day outstanding as hereinafter provided, as follows:

The principal and interest on this Note shall be due and payable in equal monthly installments of Five Thousand Nine Hundred Thirty Eight and 99/100 Dollars (\$5,938.99) each, beginning on June 4, 1994 and continuing regularly and monthly thereafter on the 4th day of each calendar month until May 25, 1999 when all unpaid principal and all accrued but unpaid interest shall be due and payable in full.

2. Security; Loan Documents. The security for this Note includes a Deed of Trust (With Security Agreement and Assignment of Rents and Leases) (which, as it may have been or may be amended, restated, modified or supplemented from time to time, is herein called the "Mortgage") dated May 25, 1994 from Lone Star Railroad, Inc., a Missouri corporation, to Michael F. Hord, Trustee, covering certain property in Taylor County and Jones County, Texas described therein. This Note, the Mortgage and any other documents now or hereafter securing, guaranteeing or executed in connection with the loan evidenced by this Note, are, as the same have been or may be amended, restated, modified or supplemented from time to time, herein sometimes called individually a "Loan Document" and together the "Loan Documents."

3. Interest Rate. Subject to the further provisions of this Section 3, the unpaid principal balance of this Note from day to day outstanding which is not past due shall bear interest at a rate per annum equal to the lesser of (i) the Maximum Rate (hereinafter defined) or (ii) the Stated Rate (hereinafter defined) computed on the Annual Basis (hereinafter defined). The term "Stated Rate" as used in this Note means the rate indicated by (x) below as applicable:

[X] a fixed rate of _____ % per annum; or

[] a variable rate ("Variable Rate") equal to:

☐ The Prime Rate of _____ ("Indicator") plus
_____ % per annum; or

☐ _____

If a Variable Rate applies, then (i) the Stated Rate shall, unless otherwise specified herein and subject to clause (ii) following, change with each change in such Variable Rate as of the date of any such change, without notice, subject always to the limitations set out in this Section 3; and (iii) if on any day the Variable Rate shall exceed the maximum permitted by application of the Maximum Rate in effect on that day, the Variable Rate shall be limited to, but shall remain at and vary with, the maximum permitted by application of the Maximum Rate on that day and on each day thereafter until the total amount of interest accrued at the Variable Rate on the unpaid balance of this Note equals the total amount of interest which would have accrued if there were no limitation by the Maximum Rate, or until the earlier payment in full of this Note.

The "Annual Basis" referred to in this Note means computation of interest for the actual number of days elapsed and as if each year were composed of the following number of days (x as applicable), and if neither box is checked, 365 applies):

☐ 365; or ☒ 360

However, use of the Annual Basis is subject always to limitation by the Maximum Rate and in no event shall any such computation result in an amount of interest in excess of the Maximum Amount (hereinafter defined). In any event, all interest at the Maximum Rate shall be computed on the Annual Basis of 365 days (366 in a leap year).

The term "Prime Rate" as used in this Note means, on any day, the rate of interest per annum then most recently established by Indicator as its "prime rate." Any such rate is a general reference rate of interest, may not be related to any other rate, and may not be the lowest or best rate actually charged by Indicator to any customer or a favored rate and may not correspond with future increases or decreases in interest rates charged by other lenders or market rates in general.

If the Stated Rate is determined by reference to a rate established or made available by Indicator, and if Lender determines for any reason that Indicator, for a period of 30 days or more, has discontinued the establishment or availability of a "prime rate" or other Indicator's rate specified above as applicable, as the case may be, then at Lender's election the Stated Rate shall be determined, commencing thereafter with the date specified by Lender, using the prime rate of a national bank

designated by Lender (plus the applicable margin, if any, specified above), in lieu of such Indicator's rate; and until the date specified by Lender if Lender makes the election, the Stated Rate shall continue to be determined by reference to the last such rate established or made available by such Indicator.

Any principal of, and to the extent permitted by applicable law, any interest on, this Note which is not paid when due shall bear interest, from the date due and payable until paid, payable on demand, at a rate per annum (the "Past Due Rate") equal to the lesser of (i) the Stated Rate plus four percent (4%) or (ii) the Maximum Rate.

The term "Maximum Rate" as used in this Note means the maximum nonusurious rate of interest per annum permitted by whichever of applicable United States federal law or Texas law permits the higher interest rate, including to the extent permitted by applicable law, any amendments thereof hereafter or any new law hereafter coming into effect to the extent a higher Maximum Rate is permitted thereby. To the extent, if any, that Chapter One ("Chapter One") of Title 79, Texas Revised Civil Statutes, 1925, as amended (the "Texas Credit Code") establishes the Maximum Rate, the Maximum Rate shall be the "indicated rate ceiling" (as defined in Chapter One) and such rate shall fluctuate as and to the extent provided by applicable law if a Variable Rate applies. The Maximum Rate shall be applied by taking into account all amounts characterized by applicable law as interest on the debt evidenced by this Note, so that the aggregate of all interest does not exceed the maximum nonusurious amount permitted by applicable law (the "Maximum Amount").

4. Prepayment. Maker may at any time pay the full amount or any part of the principal balance of this Note without payment of any premium or fee, provided that any such prepayment shall be accompanied by payment of all accrued but unpaid interest on the amount prepaid; and provided further that if this Note is prepaid in full, any commitment of Lender for further advances shall automatically terminate.

5. Cross-Default. On March 4, 1993, the Ironhorse Resources, Inc., a Missouri corporation, executed a Revolving Line of Credit Note payable to the order of NationsBank of Texas, N.A., in the principal amount of \$200,000.00 and on March 4, 1993, the undersigned executed (i) a Term Promissory Note payable to the order of NationsBank of Texas, N.A. in the principal amount of \$282,000.00 and (ii) a Term Promissory Note payable to the order of NationsBank of Texas, N.A. in the principal amount of \$348,000.00 (collectively, the "Additional Notes"). Any default in the payment of either of the Additional Notes or in the performance of the Deed of Trust or other security instruments securing payment of or collateral to them will constitute a default hereunder and, at the

option of the holder hereof, the unpaid principal balance of this Note, together with accrued interest thereon, shall at once become mature and due and payable without notice, presentment or demand for payment, and the lien given to secure the payment of this Note may be foreclosed immediately. Likewise, any default in the payment of this Note or in the performance of the Deed of Trust or other security instruments securing payment of or collateral to it will constitute a default under each of the Additional Notes and, at the option of the holder thereof, the unpaid principal balance of the Additional Notes, together with accrued interest thereon, shall at once become mature and due and payable without notice, presentment or demand for payment, and the liens given to secure the payment of the Additional Notes may be foreclosed immediately.

6. Certain Provisions Regarding Payments. Whenever any payment shall be due under this Note on a day which is not a Business Day, the date on which such payment is due shall be extended to the next succeeding Business Day, and such extension of time shall be included in the computation of the amount of interest then payable. "Business Day" means a day other than a Saturday, Sunday or other day on which national banks in Dallas, Texas are authorized or required to be closed.

All payments made as scheduled on this Note shall be applied, to the extent thereof, to accrued but unpaid interest and to unpaid principal, in such manner and order as Lender may elect in its discretion. All prepayments on this Note shall be applied, to the extent thereof, to accrued but unpaid interest on the amount prepaid and to the remaining principal installments, in such manner and order as Lender may elect in its discretion, including but not limited to application to principal installments in inverse order of maturity. Except to the extent that specific provisions are set forth in this Note or another Loan Document with respect to application of payments, all payments received by the holder hereof shall be applied, to the extent thereof, to the indebtedness secured by the Mortgage in such manner and order as Lender may elect in its discretion, any instructions from Maker or anyone else to the contrary notwithstanding. Remittances in payment of any part of the indebtedness other than in the required amount in immediately available U.S. funds shall not, regardless of any receipt or credit issued therefor, constitute payment until the required amount is actually received by the holder hereof in immediately available U.S. funds and shall be made and accepted subject to the condition that any check or draft may be handled for collection in accordance with the practice of the collecting bank or banks. Acceptance by the holder hereof of any payment in an amount less than the amount then due on any indebtedness shall be deemed an acceptance on account only and shall not in any way excuse the existence of a Default.

7. Defaults. It shall be a default ("Default") under this Note and each of the other Loan Documents if (a) any principal, interest or other amount of money due under this Note is not paid in full when due, regardless of how such amount may have become due; or (b) there shall occur any default or event of default under the Mortgage or any other Loan Document. Upon the occurrence of a Default, the holder hereof shall have the rights to declare the unpaid principal balance and accrued but unpaid interest on this Note at once due and payable (and upon such declaration, the same shall be at once due and payable), to foreclose any liens and security interests securing payment hereof and to exercise any of its other rights, powers and remedies under this Note, under any other Loan Document, or at law or in equity.

Any of the rights, remedies, powers and privileges (together, "Rights") of the holder hereof provided for in this Note and in any other Loan Document are cumulative of each other and of any and all other Rights at law or in equity. The resort to any Right shall not prevent the concurrent or subsequent employment of any other appropriate Right. No single or partial exercise of any Right shall exhaust it, or preclude any other or further exercise thereof, and every Right may be exercised at any time and from time to time. No failure by the holder hereof to exercise, nor delay in exercising any Right, including but not limited to the right to accelerate the maturity of this Note, shall be construed as a waiver of any Default or as a waiver of the Right. Without limiting the generality of the foregoing provision, the acceptance by the holder hereof from time to time of any payment under this Note which is past due or which is less than the payment in full of all amounts due and payable at the time of such payment, shall not (i) constitute a waiver of or impair or extinguish the right of the holder hereof to accelerate the maturity of this Note or to exercise any other Right at the time or at any subsequent time, or nullify any prior exercise of any such Right, or (ii) constitute a waiver of the requirement of punctual payment and performance, or a novation in any respect.

If any holder of this Note retains an attorney in connection with any Default or at maturity or to collect, enforce or defend this Note or any other Loan Document in any lawsuit or in any probate, reorganization, bankruptcy or other proceeding, or if Maker sues any holder in connection with this Note or any other Loan Document and does not prevail, then Maker agrees to pay to each such holder, in addition to principal and interest, all reasonable costs and expenses incurred by such holder in trying to collect this Note or in any such suit or proceeding, including reasonable attorneys' fees.

8. Controlling Agreement. All parties to the Loan Documents intend to comply with applicable usury law. All existing and future agreements regarding the debt evidenced by this Note are

hereby limited and controlled by the provisions of this Section. In no event (including but not limited to prepayment, default, demand for payment, or acceleration of maturity) shall the interest taken, reserved, contracted for, charged or received under this Note or under any of the other Loan Documents or otherwise, exceed the maximum nonusurious amount permitted by applicable law (the "Maximum Amount"). If, from any possible construction of any document, interest would otherwise be payable in excess of the Maximum Amount, then ipso facto, such document shall be reformed and the interest payable reduced to the Maximum Amount, without necessity of execution of any amendment or new document. If the holder hereof ever receives interest in an amount which apart from this provision would exceed the Maximum Amount, the excess shall, without penalty, be applied to the unpaid principal of this Note in inverse order of maturity of installments and not to the payment of interest, or be refunded to the payor if the principal is paid in full. The holder hereof does not intend to charge or receive unearned interest on acceleration. All interest paid or agreed to be paid to the holder hereof shall be spread throughout the full term (including any renewal or extension) of the debt so that the amount of interest does not exceed the Maximum Amount.

9. General Provisions. If more than one person or entity executes this Note as Maker, all of said parties shall be jointly and severally liable for payment of the indebtedness evidenced hereby. Maker and all sureties, endorsers, guarantors and any other party now or hereafter liable for the payment of this Note in whole or in part, hereby severally (i) waive demand, presentment for payment, notice of dishonor and of nonpayment, protest, notice of protest, notice of intent to accelerate, notice of acceleration and all other notices (except any notices which are specifically required by this Note or any other Loan Document), filing of suit and diligence in collecting this Note or enforcing any of the security herefor; (ii) agree to any substitution, subordination, exchange or release of any such security or the release of any party primarily or secondarily liable hereon; (iii) agree that the holder hereof shall not be required first to institute suit or exhaust its remedies hereon against Maker or others liable or to become liable hereon or to enforce its rights against them or any security herefor; (iv) consent to any extensions or postponements of time of payment of this Note for any period or periods of time and to any partial payments, before or after maturity, and to any other indulgences with respect hereto, without notice thereof to any of them; and (v) submit (and waive all rights to object) to non-exclusive personal jurisdiction in the State of Texas, and venue in the county in which payment is to be made as specified on the first page of this Note, for the enforcement of any and all obligations under the Loan Documents.

This Note may not be amended except in a writing specifically intended for the purpose and executed by the party against whom

enforcement of the amendment is sought. The holder of this Note may, from time to time, sell or offer to sell the loan evidenced by this Note, or interests therein, to one or more assignees or participants and is hereby authorized to disseminate any information it has pertaining to the loan evidenced by this Note, including, without limitation, any security for this Note and credit information on the undersigned, any of its principals and any guarantor of this Note, to any such assignee or participant or prospective assignee or prospective participant, and to the extent, if any, specified in any such assignment or participation, such assignee(s) or participant(s) shall have the rights and benefits with respect to this Note and the other Loan Documents as such person(s) would have if such person(s) were Lender hereunder. The terms, provisions, covenants and conditions hereof shall be binding upon Maker and the heirs, devisees, representatives, successors and assigns of Maker. Captions and headings in this Note are for convenience only and shall be disregarded in construing it. THIS NOTE, AND ITS VALIDITY, ENFORCEMENT AND INTERPRETATION, SHALL BE GOVERNED BY TEXAS LAW (WITHOUT REGARD TO ANY CONFLICT OF LAWS PRINCIPLES) AND APPLICABLE UNITED STATES FEDERAL LAW.

10. ARBITRATION.
